Emma Gee is one of Australia's acclaimed inspirational speakers, offering her thoughts and solutions on **patient centred care** and **resilience** offering solutions in pcc and resilience in all her services.

As an occupational therapist and a stroke survivor, Emma has a rare insight into life as a patient and therapist and is a compelling example of what it takes to step into another's shoes and truly bounce back in life.

Through her inspiring presentations and in her memoir, *Reinventing Emma*, she is able to both captivate and challenge her audiences to consider what IS possible in their own lives.

*It's not what happens to you,
it's how you choose to deal
with it that matters!*
